

TUNDE OYEKOLA, an Architect, is the CEO of El-Mansur Atelier (EMA), an AEC (Architecture, Engineering and Construction) company based in Nigeria with a commitment to providing bespoke global design and construction services.

Tunde serves on the (ACI-AFRICA) Board representing the World Business Partners (WBP). He is the first elected ACI WBP Board Director and recently re-elected for a second term. He has also served as Chair of the WBP Advisory Board and sat on the ACI World Governing Board serving two non consecutive terms.

Graduating at the top of his class with first class honours in Architecture from the University of Nigeria, he finished as the best graduating student from the Ahmadu Bello University Zaria where he earned a Master of Science degree in Architecture.

He is committed to the development of architecture globally.

EMA under Tunde's leadership has completed four Greenfield Airports which are all in operation and is currently working on its fifth airport project in Cross River State of Nigeria.

In addition to his broad experience in airport design, Tunde has also led EMA in several multinational collaborative efforts with Global partners towards the successful delivery of a variety of projects including: Projects for International Oil and Gas companies, Commercial Real Estate developments, Healthcare Facilities and Diplomatic missions.

He has attended numerous seminars and workshops worldwide participating as a speaker in some as well as specialized courses at Harvard and the ACC Institute to name a couple.

Professional memberships:

- Nigerian Institute of Architects (member)
- American Institute of Architects (International Associate)
- Airport Consultants Council
- International Association of Airport Executives

Tunde is an avid runner and has run full and half marathons on all five continents and continues to inspire others on his blog:
